## ENSURE PEACE OF MIND WITH USITE SECURITY SYSTEMS

MORE THAN  
**300**  
CLIENTS | WITH  
AMC  
SERVICE

USite was established in the year 2014 with a vision to provide an affordable security solution. USite has more than 25 service centers all over Tamil Nadu to provide the optimum service for the customers. We have all the spare parts and tools required to rectify all sorts of flaws in the devices.

USite manages to sell the security systems directly from the manufactures to the customers, ignoring all the middle brokers and dealers. This helps to provide the security systems at a much affordable cost. We have 34 workers all over TamilNadu enabling USite products to be made available all over Tamilnadu.

### WHY CHOOSE USITE??

-  USite is a renowned brand that is specialised in all safety and security solutions. Our products include a variety of Biometrics, Cameras, Vehicle tracking systems etc.
-  All our products are Made in India, designed specifically to meet the needs of the Indian customers.
-  USite Security Devices are cost-effective as we supply the goods directly from the manufacturers without any mid dealers.
-  More than 25 service centers that make the servicing easier.
-  The customer service requests are addressed within 24 hours from the time of request and the service time ranges from 24 to 48 hours of time depending on the intensity of the fault.
-  Best Quality at an Affordable Price.

# BURGLAR ALARM

Burglar Alarm System or Intrusion Detection System helps to add an extra level of protection to your valuables. The technology used in the Burglar Alarm System detects suspicious movements and notifies with a buzzing alarm.

Never let the burglars lose your sleep. USites's Burglar Alarm System helps to minimize the risk of loss of important valuables. Make your home a safer place to live with USites's Burglar Alarm System.

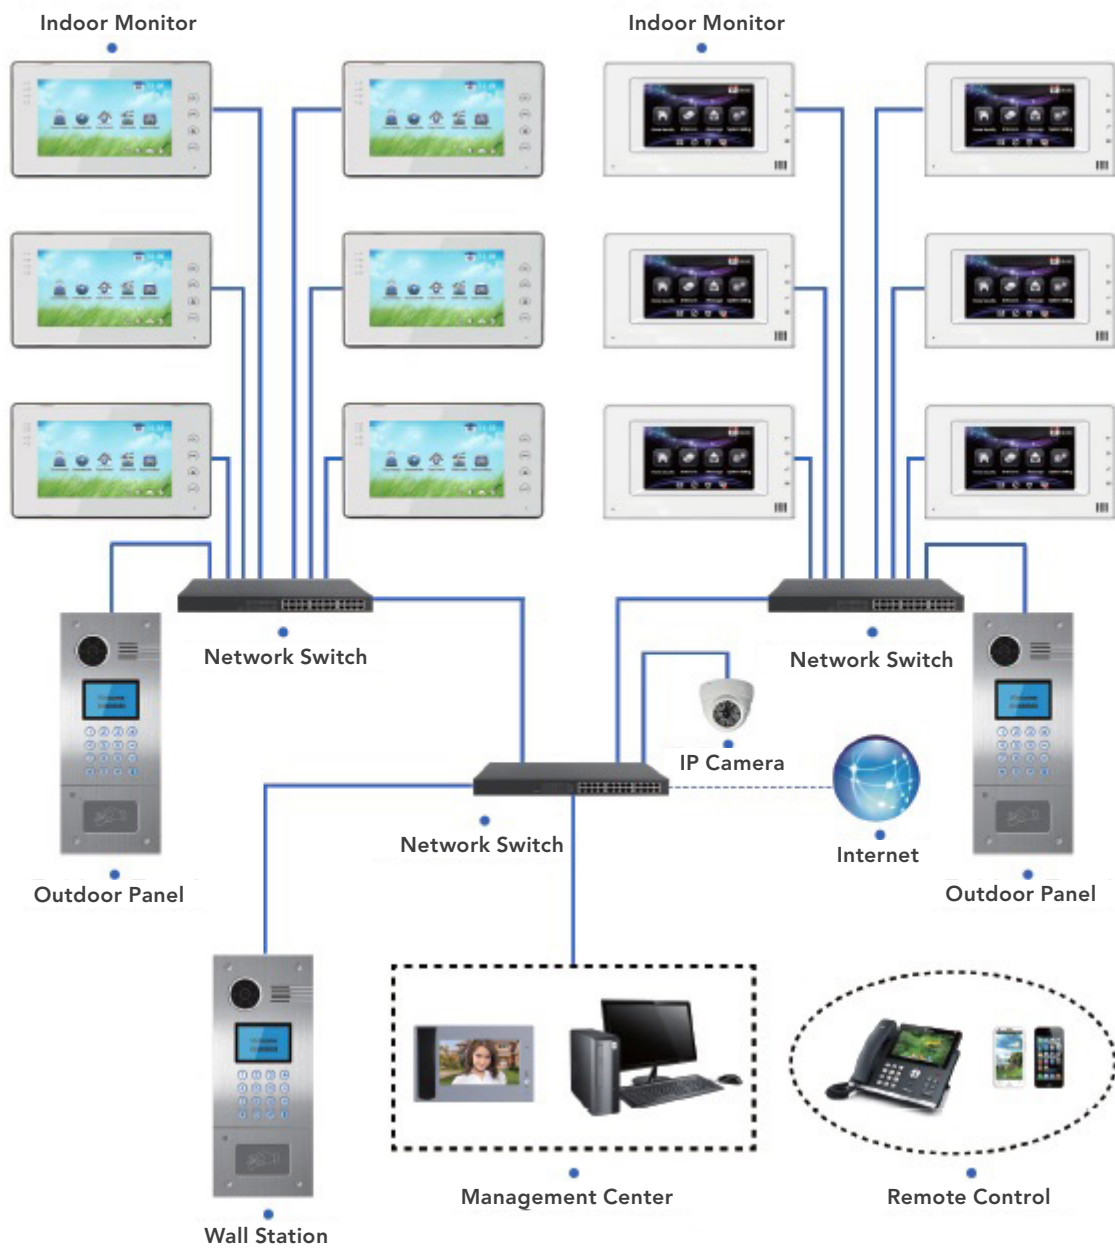

# VIDEO DOOR PHONE

The city is now fled with crimes that happen in broad daylight. A video door phone helps to let you know who is at your doorstep and helps to enhance the security to your living spaces. The Video door phone is equipped with a microphone, earphones and video camera unit that helps the owner to know who is at the doorstep and what is the purpose of their visit.

INDIVIDUAL HOME

# VEHICLE TRACKING SYSTEM

## TWO-WHEELER TRACKING

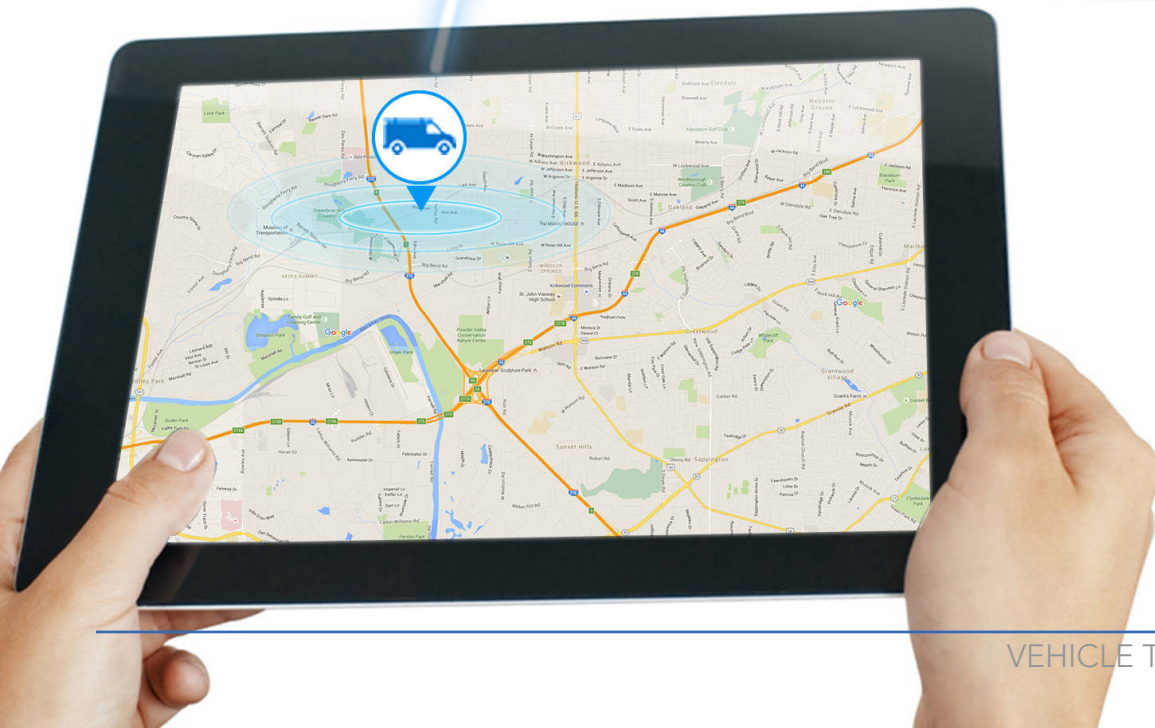

Two-wheeler tracking system helps to track your bike/ scooter anywhere at any time. A GPS module is set in the bike/ scooter and the location of the GPS unit can be seen from your mobile device. This can help you recover your bike at the time of theft

## FOUR WHEELER TRACKING

The price that you pay to buy a four-wheeler is huge. Even though you insure your vehicle, you need to add an extra level of security to your vehicle. USites's Four Wheeler tracking system helps to reduce your headache to secure your four wheelers.

## GPS WITH MOBILE DVR

In case you are managing a transport company, USites's GPS with mobile DVR System helps to manage your vehicle's location. The DVR unit helps to check the live video update of the vehicles. This can be accessed using a mobile phone, desktop or a laptop.
